GUARD AGAINST COMMON COLDS

State Health Officer Says, In Effort To Stamp Out Flu—Physicians Report 102 Cases So Far.

Rigid quarantine against anyone who is suffering from a bad cold and may not think that he or she is a potential flu spreader is being insisted upon by Dr. J. I. Whittenberg, of the State Board of Health, who is here this week in charge of efforts that are being made to stamp out the epidemic. Dr. Whittenberg is insisting that all must watch the first cold as it is more often than not incipient influenza during such a time as this. He is telling the people to keep plenty of fresh air in their homes, use other ordinary health precautions and do all they can to conserve their health themselves.

Dr. Whittenberg spent a large part of yesterday inoculating children at Caldwell School and at the Model school of E. K. S. N. with the Mayo serum, which has had such beneficial results wherever it has been used. A total of 109 children were inoculated at Caldwell yesterday and 49 at the Model school. Dr. Whittenberg is continuing this work today. He says that there is plenty of this serum and enough will be supplied the physicians of the city to inoculate all adults in town who desire it.

About 102 cases have so far been reported this week to Assistant Health Officer Dave Powers by the city physicians. There have been a number of new cases reported each day, but with the right sort of preventive measures, it is believed that spread of the epidemic can soon be checked.

Mr. William Moynahan has been very sick with flu but hopes to be out in a few days.

Mr. Alex King who has been quite ill, is considerably improved.

Mr. Thomas Clouse and family are all reported ill with the flu.

The family of Louis Powell are reported down with the flu.

George Turpin is a flu victim.

Enos Thomas, of the Union City section, is ill with the flu.

C. Mooney, of Round Hill, is on the flu list.

John D. Noland, of Doyleville, is a flu victim.

Alex Prewitt, of Round Hill, is ill with flu.

Women Have Seats With G. O. P. National Committee

Chicago, Jan. 10.—Two women, Mrs. Josephine Preston, of Washington, and Miss Mary Hay, of New York, occupied seats in the Republican National Committee meeting here today for the first time in the history of that organization. They held proxies and enjoyed all the rights of regular members, which is taken to indicate that in the future women will be urged to take an active part in every branch of republican politics.

The leaders discouraged suggestions for Presidential candidates but the indications were that about a score of persons will seek the nomination. In naming campaign issues, the committeemen were outspoken in their criticism of alleged extravagance of the National Democratic administration. The majority seemed to favor a strong declaration against socialistic policies, including federal ownership or operation of railroads or other public utilities.

Freedom of Seas and Moroccan Issues Settled

London, Jan. 10.—Reuters—Messages from Paris indicate that Premier Clemenceau and Lloyd-George scored a great success on the freedom of the seas and that very little is likely to be said on the subject when the actual peace conference assembles. The Spanish-Moroccan question has also been settled to the satisfaction of England and France.

Says Dry Amendment Will Be "Over" Next Week

Columbus, O., Jan. 10.—Wayne Wheeler, general counsel for the National Anti-Saloon league, today predicted that 36 states will have ratified the nation-wide prohibition amendment by the end of next week, a sufficient number to make the amendment effective throughout the nation. He added "We are now at work on a law enforcement code which will make the nation bone dry."

Miss Belle Breck Tells Vivid Story of Russia

Her friends and relatives here are greatly interested in the vivid account of affairs in Siberia given by Miss Belle Breck, when she spoke before the Woman's Club in Lexington this week. She told how the Y. M. C. A. took real American food to Hungarians, Turkish, Austrian and Jewish war prisoners in Russian prison camps, who had escaped starvation by eating soup made from moths and cockroaches and living on the meat of rats and mice caught in traps, cats, dogs and horses.

Miss Breck, who has been recalled to Siberia to resume her work as one of the leaders of the "Y" relief work among war prisoners, spoke before leaving for San Francisco, where she will embark for Vladivostok. She returned to the United States recently after living through the days of Russia's melodramatic upheavals during the Kerensky regime and later under the disorderly control of the Bolsheviks. She was only American woman in the part of Russia she was stationed, at one time, and represented the Red Cross and other organizations. Recently she has been visiting her sister, Mrs. Lucas Brodhead, near Versailles, and relatives here.

The part Russia played in the winning of the war must not be forgotten, Miss Breck emphasized in her talk, because of the present chaos in the land of Lenin.

"Russia saved the day for the allies," she declared. "It is a land of martyrs and heroes."

Miss Breck pointed particular attention of the women to the work done by the Russian women, paying special tribute to Countess Panin, who was a national leader under Kerensky and Mme. Orgetsky, a ward of the former Czar, who, after reduced to poverty, declared she felt "serene as a pauper."

She gave first mention, however, to the Russian men who were slain for the cause which the allies later took to triumph.

"The Real Battalion of Death," she declared, "was not that one commonly called by that name, which was made up of women. It was that battalion of courageous Russian men which held the line against the Germans, and while many fell before the Hun shells, the rest were shot in the back by the Bolsheviks."

Good Prices At The Madison

The old reliable Madison House is still getting those top prices for its patrons this week. Col. Jesse Cobb is right at top form and with a booster like Elmer Deatherage, and as fine a lot of tobacco as can be seen on any breaks, there is little wonder that the growers are all pleased. A few of the prices that were paid yesterday were:

The Best Cough Medicine

When a druggist finds that his customers all speak well of a certain preparation, he forms a good opinion of it and when in need of such a medicine is almost certain to use it himself in his family. This is why so many druggists use and recommend Chamberlain's Cough Remedy. J. B. Jones, a well known druggist at Auburn, Ky., says, "I have used Chamberlain's Cough Remedy in my family for the past seven years, and have found it to be the best cough medicine I have ever known."

Local Oil Stockholders Make Big "Clean Up"

Several local stockholders in the Trinity Oil and Gas Company are said to have "cleaned up big" in the sale by that company to the Security Production and Refining Company a half working interest in 90 acres situated in the Big Sinking section of Lee county, for \$95,000. The transfer contains five producing wells near the Ohio Oil Company's Evelyn lease. The Trinity is capitalized at \$100,000, \$75,000 of which is paid in, it is said. The Security Company is capitalized at \$1,500,000, of which \$1,416,000 is issued. According to the terms of the contract, a payment of \$20,000 is to be made at once. After that \$5,000 will be paid monthly for the first four months and \$10,000 for the next five months. George B. Williams, president of the Williams Brothers Bank, at Irvine, is president of the Security Producing and Refining Company.

Oil royalties, especially in the Big Sinking district of Lee county, continue to sell at big prices, and to pay big dividends, it is said.

The well known Pendergrast section of Lee county, is being watched very closely now, as it has proven to be one of the most productive areas in the Kentucky oil fields. Recently J. C. McCombs and F. W. Davis purchased from Clarence Miller, of Irvine, a 1-96 royalty on 920 acres in this section for \$40,000. The deal was consummated January 3rd, and the property was purchased by the two men as independent operations, not in connection with any company.

Home Hitting High Figure

The Home Warehouse is getting everything ready for some more fancy prices for its patrons when the buyers get back there for the next sales. The Home House is making a great record this season and Will Lucas and his associates believe that they are going to break all past years' records this season. Some of the prices received were as follows:

Wells and Howard sold 225 lbs. at 20c, 100 at 44c, 125 at 39c, 255 at 50c, 160 at 35c, 230 at 44c, 310 at 39c, 129 at 30c, 180 at 20 1-2c, 85 at 23 1-2c, 110 at 34c, 285 at 16c.

Aged Resident Has Narrow Escape

"I was at my work, my limbs became numb, I got dizzy and faint, my ears seemed stopped up. I had been troubled with gas on my stomach and severe bloating after meals. Doctors failed to relieve me. One dose of May's Wonderful Remedy, recommended by a corner druggist, proved a life-saver to me. I am continuing with it with splendid results." It is a simple harmless preparation which removes the catarrhal mucus from the intestinal tract and allays the inflammation that causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. H. L. Perry and Son, and druggists everywhere. 11

One Death and Many Flu Cases at Brookstown

Brookstown, Jan. 10. There has been one death caused by the flu epidemic in this neighborhood. Mrs. James Lamb died at her home Sunday night at 11 o'clock. She is survived by her husband and three children. Many friends extend much sympathy to the bereaved ones.

Those who are on the sick list with flu are: Mr. and Mrs. S. F. Baldwin, and family; Mr. and Mrs. Jacob Park and son; Mr. and Mrs. Eugene Davis and Caney Davis, Mr. Jim Lamb, Irvin Lamb, Mrs. Stone, Ernest Hugueley and son, William, Andrew Hamilton, Robert Turpin and Hazel Shearer. Mr. Reffett has moved from the McCord farm to Mr. Jim McKinney's farm.

Miss Mary Delta Reed is visiting her father and sisters in Mississippi.

Bobtown.

The flu victims in our community are improving, only a few new cases. Mr. Zack Neeley's folks have the flu.

Mrs. Susan Lovett died Thursday at the College Hospital, with pneumonia. She left a little boy baby eight days old.

Mr. Thomas Walter Lawson and father were visitors in Garrard Tuesday and Wednesday.

Miss Agnes Lawson is visiting her sister, Mrs. Hiram Baker at Valley View.

Rufus Sims Flu Victim

Rufus Sims, aged about 35 years, died as a result of a short spell of influenza at the home of Squire Jones on the Big Hill pike last night. His death will cause a feeling of sorrow among a wide circle of friends. Mr. Sims had been engaged in the hardware business for a number of years and was liked by all. He was both local firm of D. B. Shackelford and J. H. Oldham, and was energetic and always on the job. He was unmarried.

SAYS COLD WEATHER BRINGS RETURN OF INFLUENZA

Public Must Be Careful To Avoid Second Epidemic. Easier To Prevent Than Cure. What To Do.

"Encouraging reports of the fewer cases of influenza in this vicinity should not allow us to relax our vigilance or to become careless in the belief that the danger is all over," says a well known authority. With the coming of cold weather there is apt to be a return of this frightful epidemic and its seriousness will depend on the extent of the precautions taken by the public, to prevent infection.

When the air is full of influenza germs, you may constantly be breathing them into your nose and throat. But their danger may be avoided and you may make yourself practically immune to infection if you destroy the germ before it actually begins work in your blood.

During the recent serious epidemic which hit Richmond so hard, most successful results were obtained by many through the simple breathing into the nose, throat and lungs of the medicated air of oil of Hyomei. Probably no better, safer or more sensible precaution against Influenza, Grippe, Coughs, Colds, Bronchitis, or Catarrh of the nose and throat could be employed than to go now to the nearest drug store and get a complete Hyomei outfit consisting of a bottle of the pure Oil of Hyomei, and a little vest-pocket hard rubber inhaling device into which a few drops of the oil are poured.

Carry this inhaler with you during the day and each half hour or so put it in your mouth and draw deep breaths of its pure healing germicidal air into the passages of your nose, throat and lungs to destroy any germ that may have found lodgement there. This simple precaution may save a serious illness and the loss of several weeks work. It is pleasant to use and not at all expensive as the inhaler will last a lifetime and further supplies of the Oil of Hyomei can be had at any drug store for a few cents.

Hundreds of people in this vicinity used Hyomei in this way during the recent crisis and avoided danger. They should not neglect it now for the danger is by no means over. 11a

GOVERNMENT SEEMS ON TOP IN BERLIN

Spartans Lose Police Headquarters In Hot Street Fighting and Appear To Have Lost Their Fight

Paris, Jan. 10.—The latest news received here indicates that the Ebert government has won a victory over the Spartans, owing to the support of loyal elements with prospects of increased government success.

SPARTANS LOSING HEART

Berlin, Thursday, Jan. 9.—The government forces are in complete control of that section of Berlin between the Brandenburg Gate and Friedrich Strasse. It has prohibited all processions.

The government scored a decided victory in the capture of police headquarters, one of the Spartan strong holds. The building was taken after a short fight with a few casualties. Eichhorn, the Spartan police chief, escaped, but many of his supporters were captured.

In prohibiting parades, the government gave warning that its troops had orders to fire without waiting for the Spartans to begin, and to shoot to kill. Apparently the Spartans are losing hope. They failed to surmount their mass meeting today and the streets are almost deserted.

"This whole Bolshevik uprising will be put down within the next few days. We are absolutely sure of our position. The entire bourgeoisie and three-fourths of the Berlin workmen are with us." This statement was made today on behalf of the Ebert government.

It is estimated that 200 persons have been killed in the street fighting here since Monday. The hospitals cared for 300 wounded yesterday.

Hotel Burns At Somerset

Somerset, Ky., Jan. 10.—The Newtonian Hotel, and several other business buildings were destroyed by fire here last night. The loss is approximately \$50,000. The origin of the blaze is unknown. The hotel is the fourth on the same site to be burned in the last 15 years.

STRIKE IN ARGENTINE

Buenos Aires, Jan. 10.—A general strike was declared throughout the Argentine republic at midnight last night. Several thousand troops are being assembled for strike duty.
